General rules to be obserued

NOte, that it is not conuenient to let blood, whilst the Moone passe by Tau. Capr. Gem. Leo. and Scorp. or the Moone neere the change, full, or quarters: or being afflicted by Satur. or Mars.

The Moone in Aries well affected, is a fit time to let blood such as bee of a Sanguine or Flegmatick complexion.

The Moone in Canc. let blouds the cholericke complexion.

The Moone in Aqua. or Libra, affecteth the Melancholicke.

Sheare your sheepe, to haue them deepe fleeced: pole or cut your hayze to anoyd baldnesse: set and remoone young trees to haue them growe the better and fayrer, in the increase of the Moone.

The wane of the Moone, thee being in Aries. Sagit. or Capr. maketh an apt time to lib or geld cattell.

The Anatomie.

How the xii. signes do gouerne.

In heade and face is Aries place,
And Taurus in the neckt:
But armes & hands in Geminies hands,
doe suffer toy and wrecke.
Cancer doth possesse the brest,
the ribbes and stomacke stout:
And Leo backe and heart he hath,
thereof yee neede not doubt.
Virgo belly and bowels,
take thou with all their paines,
For Libra loe the buttockes hath,
the nauell and the raines.
Scorpio the priuate partes,
to haue loe still he cries:
For sure he is that Sagitarie,
possesseth both the thighes.
Then Capricorne must rule the knees,
for legges to Aquarie long.
And Pisces purchast hath the feete:
therefore doe him no wrong.
